

## SERVICE BULLETIN WA-SB-003

- SUBJECT:** Wilksch Airmotive Statement of Compliance to ASTM LSA Standard
- DESCRIPTION:** Statement of Compliance for WAM-100 engines
- APPLICABILITY:** All WAM-100 engines from serial number P40
- COMPLIANCE:** Effective immediately, no action required from operators

This bulletin is issued to provide an official airworthiness statement of compliance for engines built by Wilksch Airmotive at its Staverton facility in the UK.

This bulletin confirms that Wilksch Airmotive (WAM) engines in the serial number range(s) specified above meet the requirements of ASTM Standard F2538-07 "Standard Practice for Design and Manufacture of Reciprocating Compression Ignition Engines for Light Sport Aircraft" when installed, operated and maintained in accordance with the provisions, limitations and instructions of applicable WAM approved publications and continuing airworthiness instructions.

For more information please contact the company at its headquarters.

Failure to comply with any recommendations/limitations published by Wilksch Airmotive will invalidate your warranty and may compromise airworthiness.

**Effective Date: 1 June 2008**
